

Software License Agreement for RGB TransAct Product

© 2010-2013 RGB Networks, Inc.

Your purchase of the RGB TransAct Packager and/or TransAct Encoder/Transcoder, and/or TransAct Commander (the "TransAct Product") includes a license to use the software (the "Software") that RGB Networks includes with the TransAct Product. This Software License Agreement ("Agreement") is a legal agreement between you, the licensee (which is either an individual or a single entity, as applicable) and RGB Networks ("RGB") for the use of the Software. This Agreement also applies to updates, supplements, add-on components, corrections, or other modifications to the Software, whether made by RGB or its suppliers, that RGB may provide to you or make available to you after the date you obtain your initial copy of the Software. If you are an individual accepting this Agreement in your capacity as an employee or agent of a corporation or other entity, you represent that you have the necessary authority to enter into this Agreement and acknowledge that this Agreement will be binding on the company or entity you represent.

RGB grants you a non-exclusive, royalty-free, nontransferable license to use the licensed Software, including any third-party software products incorporated herein, for your internal business purposes only. You may not use the Software on a timesharing basis or to operate a service bureau or similar service. The Software may reside only on the TransAct Product that you licensed from RGB, and may not be transferred to any other hardware or equipment without RGB's express written consent. No other right or license, implied or otherwise, is granted by this Agreement.

The user of the Software shall not (a) sell, redistribute, sublicense, or otherwise transfer the Software to any third party; (b) decipher, modify, adapt, enhance, reproduce, decompile, disassemble, or reverse engineer the Software; or (c) make derivative works based upon the Software. If you sell, assign or otherwise transfer the TransAct Product, you must either remove the Software from the TransAct Product completely or make arrangements with RGB to transfer this license, which might include paying a transfer fee.

RGB reserves all rights not expressly granted to you in this Agreement. The Software is protected by copyright and other intellectual property laws and treaties. RGB or its suppliers own the title, copyright, and other intellectual property rights in the Software. The Software is licensed, not sold. This Agreement does not grant you any rights to trademarks or service marks of RGB. RGB and the RGB logo are trademarks of RGB Networks. Microsoft, Windows, Windows NT, and/or other Microsoft products referenced herein are either trademarks or registered trademarks of Microsoft. "Dolby" and the "double-D" symbol are trademarks of Dolby Laboratories. All other brand and product names used herein are trademarks or registered trademarks of their respective owners.

THIS SOFTWARE AND ALL LICENSED MATERIALS ARE FURNISHED TO THE USER ON AN "AS IS" BASIS. RGB, TO THE FULLEST EXTENT PERMITTED BY LAW, DISCLAIMS ALL WARRANTIES, WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE WARRANTY OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

In no event shall RGB be liable for, and you hereby waive as to RGB and its licensors, to the extent permitted by law, any consequential, incidental, indirect, special, or punitive damages incurred by you resulting from your use of or inability to use the Software or associated in any way with RGB's performance of this Agreement. Such damages include, but are not limited to, loss of data, loss of use of

money or products, losses due to an inability of you to access or use the Software on the TransAct Product, loss of good will and lost profits or revenue. These limitations apply whether or not such losses or damages are based in contract, warranty, tort, negligence, strict liability, indemnity, or otherwise, even if RGB has been advised of the possibility of such damages. Such limitations apply except only in a cause of action involving death or personal injury where and to the extent that applicable law requires such liability. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy. Your sole and exclusive remedy shall be to terminate the use of the Software.

RGB and you acknowledge that there are no expressed or implied indemnities or agreements to indemnify associated with this Agreement.
